Subject: Approval of Value-Engineering Study

Good afternoon everyone:

As a follow up to my note last week, I am pleased to inform you the Village Board approved the Value-Engineering Study to review the \$77 million stormwater project last night. Additional details about the study and the consultant selected to perform the work can be found on page 189 of this link http://www.wilmette.com/download/agendas_and_minutes/village_board/packets/2017/AgendaPacket-1-24-17.pdf.

The first three phases of the study (technical, alternatives and cost reviews) will be presented to the public at a meeting in late May or early June. Additional details about that meeting will be provided as soon as the date is set. In the meantime, please continue to provide your feedback on the project at sewers@wilmette.com.

Warmest regards,
Brigitte

Brigitte Ann Berger-Raish, P.E.
