We, Global Adjusting, Co. are a public adjuster firm offering free roof inspections. As a result of recent storm damage in Wilmette on April 7th, 2020 and August 10th, we sent out a letter to you so that you can take advantage of our service. Not all roofs are damaged. It depends on the age and quality of a roof and the impact of the wind and hail damage.

Since we've used the Wilmette logo in the advertisement without permission, this letter is to inform you that we apologize for any unclarity and confusion that we might have caused.

Thank you

Sincerely,

Patrick Majewski
