

Date: January 26, 2021
To: Village Board of Trustees
From: Erik Hallgren, Assistant Village Manager
Subject: Additional Agenda Materials – Removal of Item 3.27

Agenda Item 3.27, the approval of a four-year contract with AT&T for annual hardware and software maintenance will be removed from the January 26, 2021 Village Board agenda and will be added to the February 9, 2021 Village Board agenda. The item is being pulled as staff finalizes the terms of a comprehensive maintenance agreement with AT&T.

President Bielinski will remove Item 3.27 from the consent agenda before a vote is called.

This will not impact the approval of the associated agenda item 3.26, a contract with AT&T to upgrade to the Next Generation 9-1-1 network.
