

Change in Email Notification System

As of January 1st, 2010, the Wilmette Police Department will discontinue its use of the Silent Partner Alert System to send community crime alerts.

The Police Department will send community crime alerts through the Village of Wilmette's E-news. A special Police Crime Alert component was recently added to the E-News menu options.

Registering for Crime Alerts through E-news is a simple four step process:

1. Go to the Village Website at <http://www.wilmette.com/>
2. On the right side of the home page, click on *Village Mailing List subscribe to E-News*.
3. Complete the registration form. Please select *Police Crime Alerts* under the "your interests" section of the registration.
4. Click on *Save Profile Changes*.

As of January 1st, the Wilmette Police Department will no longer send out Crime Alerts on the Silent Partner Alert System.

Thank You
