1200 Wilmette Ave
Wilmette, IL 60091

AMENDMENT # 2 DECEMBER 19, 2017

- Formal submittals must reference this amendment # on the price proposal page.

DESCRIPTION: **2016 SEWER LINING PROGRAM**
SOLICITATION #: **16-M-0021**

THIS AMENDMENT IS GENERATED AS A RESULT OF:

- QUESTIONS SUBMITTED TO PURCHASE@WILMETTE.COM

Attachments: Bid Proposal Form

1. **Door Hanger Notification** – Page 90 of 180 of your spec states”

“Notice to Residents. The Contractor shall provide and hang notices on doors of all residences and businesses with service lines connected to sewer mains to be cleaned. Notices shall be distributed 48 hours in advance of the work. The Contractor shall include the contact information for the onsite field supervisor as the primary contact for affected residents. The Village shall review and approve the notice format and text at the beginning of the project prior to distribution. All work required for notification to residents shall be incidental to the contract.”

QUESTION: Typically, the village sends out a letter to residents notifying them of upcoming work in the area over the next few months. Then, we only put a door hanger prior to lining the pipe because they need to limit their water use. However, a door hanger is not typically required prior to the TV/Clean phase because there is no disruption to the resident’s service. Do you need us to put a door hanger on prior to TV/Clean AND another one prior to CIPP? Or, is the initial letter and door hanger prior to the CIPP phase sufficient?

ANSWER The door hanger notification to residents shall be required to distribute prior to CIPP lining only.

2. QUESTION: There is a lump sum bid item for “Pre-Construction Cleaning and Televising, Special.” Typically, TV/Clean is priced by diameter and LF either as a separate line item or as incidental to the CIPP work. If we put all our TV/Clean cost in this lump sum bid item and the length or diameter increases compared to the scope provided in the bid documents, will that be cause for a change order? If not, consider deleting this line item and either adding 5 line items for TV/Clean (one for each diameter) or making TV/Clean incidental to the CIPP work so we can get paid accordingly.

ANSWER

1. Please use the attached revised Bid Quantities / Pricing Form for the bid opening submittal December 21, 2017. This replaces the existing bid form. Revisions reflect the following changes:

- a. Deleted Bid Item #20 –*PRE-CONSTRUCTION CLEANING AND TELEVISIONING, SPECIAL*

The cost of the pre-construction cleaning and televising shall be considered incidental to the Sewer CIPP pay items. *Pre-construction Cleaning and Televising* in the Special Supplemental Specifications shall now be incorporated into the *Sewer Cured-In-Place (CIPP), Special* specification.
